Syn.-To intervene: intercede; mediate; interfere; fntcrmeildle. -TO INTERPOSE, INTERMEDDLE, INTEHFERE, A man may often interpose with propricty in the cancems of others; be can nevel intermeddle withont being inJiable to the same charge, unless he has rights which are interfered with. "In our practienl use, interference is interfered with. "In our practicnl use, interference is
something offensive. It is the pushing in of himself be-
tween two parties on the part of third who was not
asked, and is not thanked for his pains, and who, as the fecling of the word implies, hid no business there; while interpositzon is employcd to express the friendy, peacewho, even if he was not specially invited thercunto, is still thanked for what he has done. Ilow real all increase is it in the wealth and capabilities of a language thus to have discriminated such words as these, and to be able to express acts outwardly the same by difterent words, as we wonld praise or blame them!
